CONTENTS

Price (in Rs.)

BOOKS

CASUARINAS: Tree of Multiple Utility	160/-
Clonal Multiplication of Eucalypts	200/-
CASUARINA - Improvement and Utilization	400/-
Recent Eucalypt Research in India	180/-
Industrial – cum – Demonstration Workshop on Clonal Forestry	100/-
Genetic Improvement and Propagation of Forest Trees	225/-
Genetic Improvement and Propagation of Forest Trees (Hard Bound)	300/-
Seedling Seed Orchards for Breeding Tropical Trees	320/-

TECHNICAL BULLETINS

Mass Propagation Protocol for Bamboos	25/-
Hedge Orchards for Clonal Forestry	25/-
Casuarina in Agroforestry	25/-
Tree Improvement and Productivity Enhancement	80/-
Breeding Systems and Hybridization Techniques in Tamarind	80/-
A pencil and a simplified & economical method of processing pencil slats	10/-

BROCHURES

<i>Casuarina equisetifolia</i>	20/-
<i>Pongamia pinnata</i>	20/-
Sandal	20/-
Tamarind	20/-
Moongil (Bamboos)	

CASUARINAS Tree of Multiple Utility

1992

K. N. Subramanian, P.E. Bedell, K. Gurumurthi, M. George, A. K. Mandal, S.R. Madhavan Pillai, B. Gurudev Singh

A comprehensive compilation of taxonomy, genetic resources, seed biology, silviculture, agroforestry, pest and diseases, utilization, marketing and economics of casuarinas including biotechnological approaches.

Book, Soft Bound 18 x 24 cm, 115 pages

ICFRE – M6

Rs. 160 /-

INDUSTRIAL – CUM – DEMONSTRATION WORKSHOP ON CLONAL FORESTRY

1998

Edited by
K. Subramanian, K. Gurumurthi, R.S.C. Jayaraj and
K.C. S. Warriar

The proceedings of the workshop provides information on tested technologies that can be transferred to State Forest Departments and industries. Technologies that are jointly developed / implemented through Joint forest technology development approach and technologies with future implications that need to be sponsored by the SFDs and industries. It also focuses on specific recommendations for joint forest technology development and fund support to frontier areas.

Book, Soft Bound 18 x 24 cm, 91 pages

Rs. 100 /-

CLONAL MULTIPLICATION OF EUCALYPTS

1997

K. Vivekanandan, K. Gurumurthi, and R.S.C. Jayaraj

This manual highlights the clonal strategy, various types of hardware required for clonal propagation and their assemblage, pest and disease problems in green house, nursery and field, comprehensive selection of candidate plus trees, methods used for clonal trials and planning for genetic improvement of species which can continuously provide newer clones for propagation programmes. The manual is useful for forest departments, forest corporations and private industries.

Book, Soft Bound 21 x 28 cm, 65 Pages
IFGTB / 97 / 001 Field Document No. 1

Rs. 200 /-

GENETIC IMPROVEMENT AND PROPAGATION OF FOREST TREES

2000

Edited by
S.S.R. Bennet, K. Subramanian, A. James Kurian

A compilation of course materials prepared by the scientists and forest officers of IFGTB for Indian Forest Service compulsory training Course. The book deals with the various aspects of improvement of forest tree species, highlighting the emerging trends in forest genetics; including genetic engineering, tissue culture, application of molecular markers and hybridization techniques for breeding and conservation programmes. Identification of various disease / pest problems and their management; production, management and processing techniques for the procurement of quality seeds, are the salient features outlined.

Book, Soft bound 18 x 24 cm, 167 pages

Rs. 225 /-

GENETIC IMPROVEMENT AND PROPAGATION OF FOREST TREES

2000

Edited by

S.S.R. Bennet, K. Subramanian, A. James Kurian

A compilation of course materials prepared by the scientists and forest officers of IFGTB for Indian Forest Service compulsory training Course. The book deals with the various aspects of improvement of forest tree species, highlighting the emerging trends in forest genetics; including genetic engineering, tissue culture, application of molecular markers and hybridization techniques for breeding and conservation programmes. Identification of various disease / pest problems and their management; production, management and processing techniques for the procurement of quality seeds, are the salient features outlined.

Book, Hard bound 18 x 24 cm, 167 pages

Rs. 300 /-

CASUARINA - Improvement and Utilization

2001

K. Gurumurthi, A. Nicodemus, Siddappa

A compilation of results from the recent improvement and utilization research on casuarinas in India. The book covers area like tree improvement, physiology, biotechnology, silviculture, management, performance and utilization of casuarinas. A useful book for all working with casuarinas.

Book, Soft Bound 18 x 24 cm, 218 Pages

ISBN 81-900346-2

Rs. 400 /-

RECENT EUCALYPT RESEARCH IN INDIA

2002

Edited by

S. K. Bagchi, Mohan Varghese, Siddappa

The book is compilation of research and development work in various research organizations. Intended to make available packages and expertise in research institutes, forest based industries and state forest departments for the benefit of the scientific and farming community. Major areas covered are breeding and tree improvement, physiology, tissue culture wood utilization and management of eucalypts.

Book, Hard bound 18 x 25 cm 211 pages

Rs. 180 /-

SEEDLING SEED ORCHARDS

2000

Mohan Varghese, A. Nicodemus, B. Nagarajan, K.R. Sasidharan, Siddappa, S.S. R. Bennet and K. Subramanian

A compilation of the theoretical and practical aspects of Seedling Seed Orchards (SSOs) with emphasis on the tropical tree species. Tree breeders, practicing foresters and students of forestry will find this book useful for planning establishing and managing SSOs for enhancing productivity.

Book, Soft Bound 18 x 24 cm, 126 pages

ISBN 81-900346-1

Rs. 320 /-

MASS PROPAGATION PROTOCOL FOR BAMBOOS

1994

The bulletin provides successfully tested protocols for mass multiplication of different Bamboos using combination of tissue culture and vegetative multiplication techniques.

Soft Bound 14 x 22 cm, 12 Pages
ICFRE Technical Bulletin

Rs. 25 /-

BREEDING SYSTEMS AND HYBRIDIZATION TECHNIQUES IN TAMARIND

1999

B. Nagarajan, A. Nicodemus, Mohan Varghese,
K.R. Sasidharan, N.P. Achaeen and S.S. R. Bonnet

Description of reproductive biological aspects such as phenology, pollen biology, pollen pistil interaction and hybridization techniques for tamarind.

Soft Bound 18 x 24 cm, 9 pages
ICFRE Technical bulletin, IFGTB WBRP2

Rs. 80 /-

HEDGE ORCHARDS FOR CLONAL FORESTRY

1994

Details the achievements made in the field of clonal forestry on yield improvement of *Casuarina* and *Eucalyptus* with emphasis on hedge orchard technologies for mass multiplication. The information presented is useful for farmers and foresters.

Soft Bound 18 x 24 cm, 17 pages
ICFRE Technical Bulletin

Rs. 25 /-

CASUARINA IN AGROFORESTRY

1996

Detailed description of various agroforestry models developed by IFGTB for different sites employing suitable multipurpose trees. It outlines the economic returns from a models where the major components are *Casuarina* and *Moringa*. The information is of great use for farmers.

Soft bound 18 x 24 cm, 9 Pages
ICFRE Technical Bulletin 1996

Rs. 25 /-

A PENCIL AND A SIMPLIFIED & ECONOMICAL METHOD OF PROCESSING PENCIL SLATS

P. V. Krishna Rao

The booklet brings forth a new method of pencil making and processing of pencil slats

Soft Bound 13 x 20 cm, 8 Pages
ICFRE Technical Bulletin

Rs. 10 /-

MOONGIL (Bamboos)

Provides information on available bamboos in India, their cultivation, disease and pest management, and uses. The purpose of this Tamil bulletin is to popularize bamboo cultivation among farmers and tree growing agencies.

Soft bound 18 x 24, 12 pages
Tamil bulletin

Rs. 20 /-

TREE IMPROVEMENT AND PRODUCTIVITY ENHANCEMENT

1999

Edited by

K. Subramanian, Siddappa, K. Gurumurthi, B. Gurudev Singh

The bulletin is compilation of technology packages like clonal technology, seed technology, breeding systems and hybridization techniques, techniques for reclamation of mine dumps, biofertilizer application for growth enhancement in nurseries, agroforestry systems, integrated pest and disease management. It is useful for state departments, forest development corporations, NGOs, farmers and other stakeholders.

Soft bound 18 x 24 cm, 17 pages
Technical Bulletin 1999

Rs. 80 /-

CASUARINA EUISETIFOLIA

A brief description of *Casuarina equisetifolia* covering important aspects such as habit and habitat, distribution, silvicultural practices, methods of regeneration, nursery and plantation practices, cultural operations, disease, insect pest and control, growth statistics, economics of planting and utilization.

Brochure, Soft bound 18 x 24 cm, 18 pages
Available in English, Tamil and Malayalam

Rs. 20 /-

PONGAMIA PINNATA

Useful information on morphology, seed characteristics, nursery techniques, propagation, cultural practices, pest and diseases of *Pongamia pinnata*, a must for farmers and homesteads.

Brochure, Soft bound 18 x 24 cm, 20 pages
Available in Tamil and Malayalam

Rs. 20 /-

TAMIRIND

Information on morphology, seed characteristics, nursery techniques, propagation, cultural practices, pest and diseases pertaining to Tamarind, in popular language.

Brochure, Soft bound 18 x 24 cm, 20 pages
Available in Tamil.

Rs. 20 /-

SANDAL

The brochure provides useful information intended to promote sandal cultivation

Brochure, Soft bound 18 x 24 cm, 20 pages
Available in English, Tamil and Malayalam

Rs. 20 /-
