ICFRE signs MoU with HNB Garhwal University to promote forestry research

DEHRADUN, DEC 14 (HTNS) A Memorandum of Understanding (MoU) was signed on Monday through video conferencing between Indian Council of Forestry Research and Education (ICFRE), Dehradun (an Autonomous Council under the Ministry of Environment, Forest and Climate Change) and H.N.B. Garhwal University, Srinagar.

The MoU was signed by S. Rawat, Director General, ICFRE, Dehradun and Professor Anupma Basu, Vice Chancellor, NBU, Srinagar.

The MoU has been signed with the objectives to promote cooperation in the field of forestry research, exchange of scientists, technologists, research scholars, PG students and implementation of collaborative research projects. ICFRE, through its institutes and centres located across the country is guiding, promoting and coordinating forestry research, extension, education at the national level. Currently, ICFRE is focusing on contemporary issues of national and international importance particularly in the areas of climate change, forest productivity, biodiversity and skill development. Through this collaboration, ICFRE and HNBGU will complement each other by sharing their scientific and technical expertise.

This will help in identifying technological gaps, extension of forest based technologies, and exchange of resources for dissemination of information to stakeholders. This will also help to promote livelihood opportunities and augment income of the forest based communities.

The MoU is expected to provide synergy in education, research and development for both the organizations and will ultimately aim to promote better economic and ecological security. Those present on the occasion were Deputy Director General, Director (International Cooperation), Assistant Director Generals, Dean (Academics), IRI Deemed to be University, scientists from ICFRE, Dehradun, Director, HAPPRC, and faculty from HNBGU, Srinagar.
