Concise Details of the Event:

August 15th is annually commemorated as India's freedom from British colonial rule in 1947. As we celebrate India's 77th Independence Day, 2023, we reflect on our incredible journey as a nation. ICFRE-BRC Aizawl celebrated the 77th Independence Day in its premises on 15th August, 2023 at 8:00AM onwards under the active leadership of Dr Hans Raj, Scientist-E & Head. As per the tradition, the National Flag was unfurled by Dr Hans Raj, Scientist-E & Head, followed by the National Anthem. After that, Dr Hans Raj delivered a short speech highlighting the nation's sacrifices to achieve this independence. Also, He stressed the challenges faced by our country, especially in research and development. He further motivated staff to put in sincere efforts to improve the centre's research output. In addition to the staff of ICFRE-BRC Aizawl, family members and other family members residing at the residential quarter also participated in the celebration. The celebration culminated with the distribution of light refreshments to all the participants.
