TERMS OF REFERENCE
(Procurement Consultant)

1. Background

The Government of India has received financing from the World Bank towards the cost of the Ecosystem Services Improvement Project. Indian Council of Forestry Research and Education (ICFRE) is one of the implementing partners of ‘Ecosystem Services Improvement Project (ESIP)’.

ESIP, ICFRE is implementing components of ESIP i.e. Component 1 on Strengthen capacity of government institutions in forestry and land management programs (Sub-component 1.2, Forest carbon stocks measurement, monitoring and capacity building) and Component 3 on Scaling up sustainable land and ecosystem management (SLEM) in selected landscapes. The main objectives of the components are to prevent land degradation and desertification and increase above-ground forest carbon stock through a combination of investments to implement and scale-up tried-and-tested SLEM best practices, to increase national capacity for monitoring land degradation and track associated indicators, and to generate knowledge exchange on SLEM approaches. The goal is to benefit small and marginal farmers and other rural poor and to develop a national knowledge platform for supporting a community of practice on SLEM. These activities are designed to overcome the twin challenges of arresting land degradation and meeting food security targets. This component will finance on-the-ground sustainable land management investments in private land holdings and common property lands and enhance knowledge and capacity for further scaling up of SLEM approaches at the national level. It will draw heavily from the best practices and approaches that were tried and successfully developed under SLEM project. This component can help increase national capacity for monitoring the status of land degradation and desertification and SLEM outcomes, as well as the results of UNCCD action programmes at the country level.
